EVENT OVERVIEW

The HFC New York Benefit is where it all started more than 20 years ago. Since that one night in NYC in 1998, the hedge fund community and alternative investment industry continue to come together to fight child abuse globally. This year, our 21st annual fundraiser at The Pool restaurant is shaping up to be another first-class HFC event. Your support of this exclusive evening will help HFC protect and heal vulnerable children in the New York metropolitan area.

ABOUT HELP FOR CHILDREN

Help For Children is a global foundation dedicated to fighting child abuse in 13 locations across seven countries. HFC's partnership with the alternative investment community is making the world a safer place for children. Learn more at www.hfc.org.
